

Creating a Family Recipe Memory

FAMILY CONVERSATION

- Would you rather live 100 years in the past or the future?
- What thing do kids know more about than adults?
- Sum up the past week in one word.
- What is (or was) your biggest school challenge?
- What one question would you like to ask God?

Taco Salad in a Bag

(Serves 6)

Here is a simple taco salad recipe with a twist.
You can eat it anywhere you go!

- 1 pound lean ground beef
- 1 bag corn chips
- 8 ounces shredded jack cheese
- salsa
- shredded lettuce
- zipper lock storage bags

Thoroughly cook ground beef until it is brown. Allow to cool slightly.
Place 2 spoonfuls of meat into each bag. Top with corn chips, cheese, and salsa and shredded lettuce. Zip the bag closed. Gently shake your bag to “mix” your taco salad.
